**Curriculum:** Our curriculum this year is entitled, **Bible Song**. It is written & published by Faith Inkubators. **Bible Song** is deeply rooted in the scriptures in a fun and interactive way. It has been created using the best brain science available today to help our kids learn God's word through art, music and movement. This curriculum offers a Home Journal that families can use to reinforce the scripture from Sunday morning and to connect and pray with their children each night. Each family can purchase their Home Journal for \$15.

**Bible Song by Faith Inkubators  
Mission Statement**

“To connect parents and children with each other and the Bible every night in every home and every week in every church.

**Join our Team!**

Our Sunday school program is possible because of the helping hands of many volunteers. As a parent, we ask for your participation in our program. Assisting with Sunday school will not only help you teach your children the value and importance of learning and applying the scriptures, but is also a wonderful blessing to others. **We ask that parents volunteer at least once per quarter (every three months.)
